

Introduction to Unifrog: Parents Workshop

What is Unifrog?

Unifrog is an online platform designed to support young people to make informed decisions about their futures.

One-stop shop from **self exploration** in Grade 7 until **university application** in Grade 12.

Students' Interface

unifrog [HOME](#) [FAVOURITES](#) [LOCKER](#) [APPLY](#) [HELP](#)   

Hello Jalala! You're doing great!

 in year group

35.9% progress (aim for at least 60% this year)

Want to move things forward? Here are the badges to aim for this year [refresh](#)

Unifrog 101 wizard

CV pro

Material maestro

Pathfinder

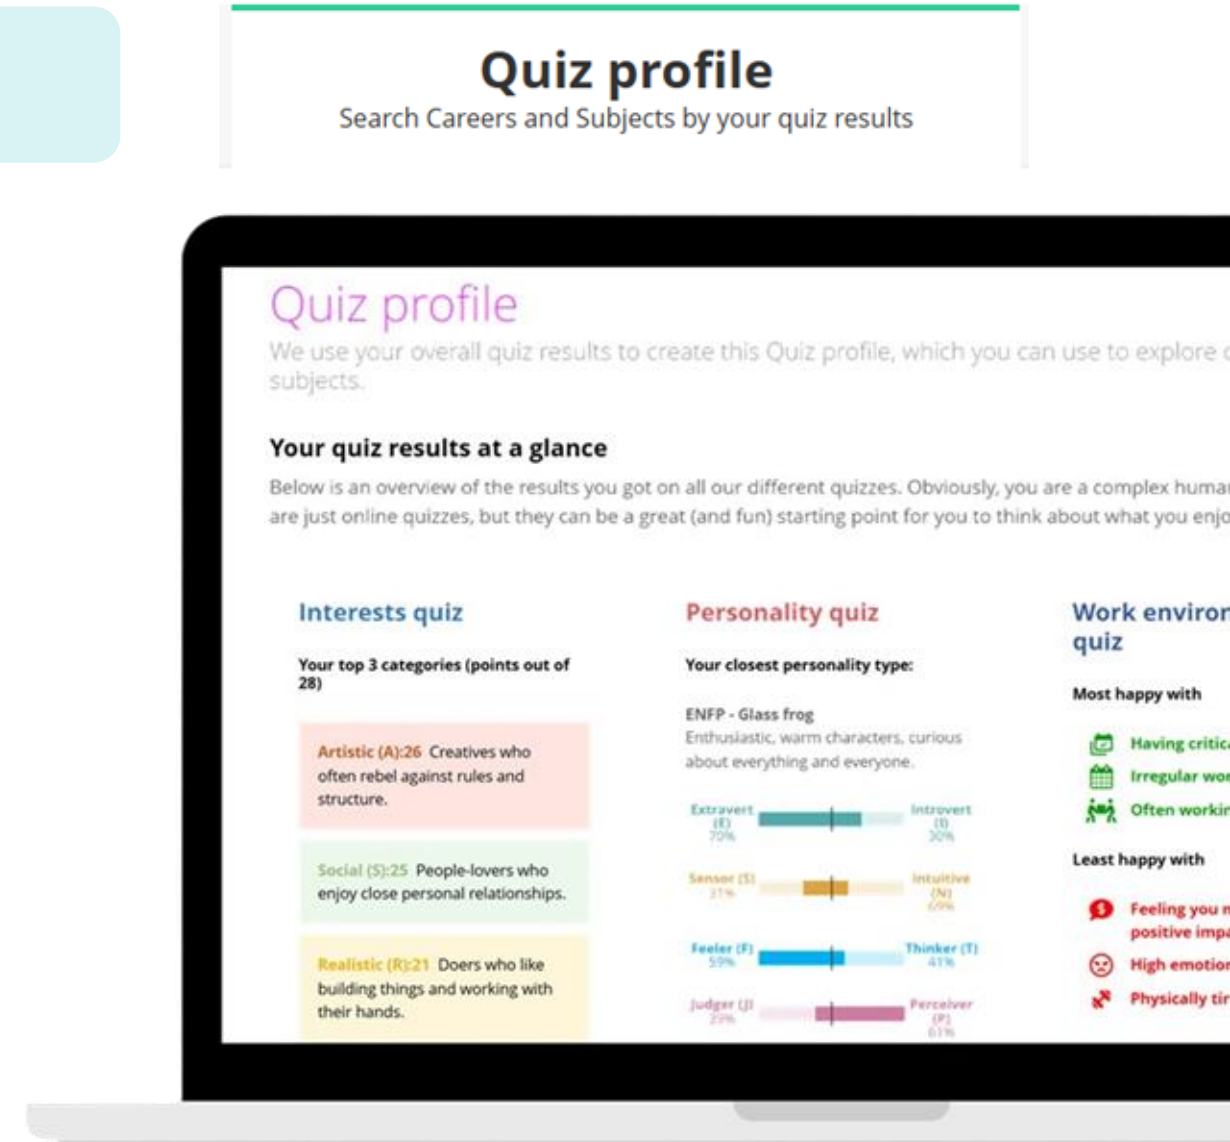

Decision maker

Grades 7-8 Milestone

Self exploration through **Psychometric Tests:**

- Personality Profile
- Interest Profile
- Work Environment Profile
- Etc.

unifrog

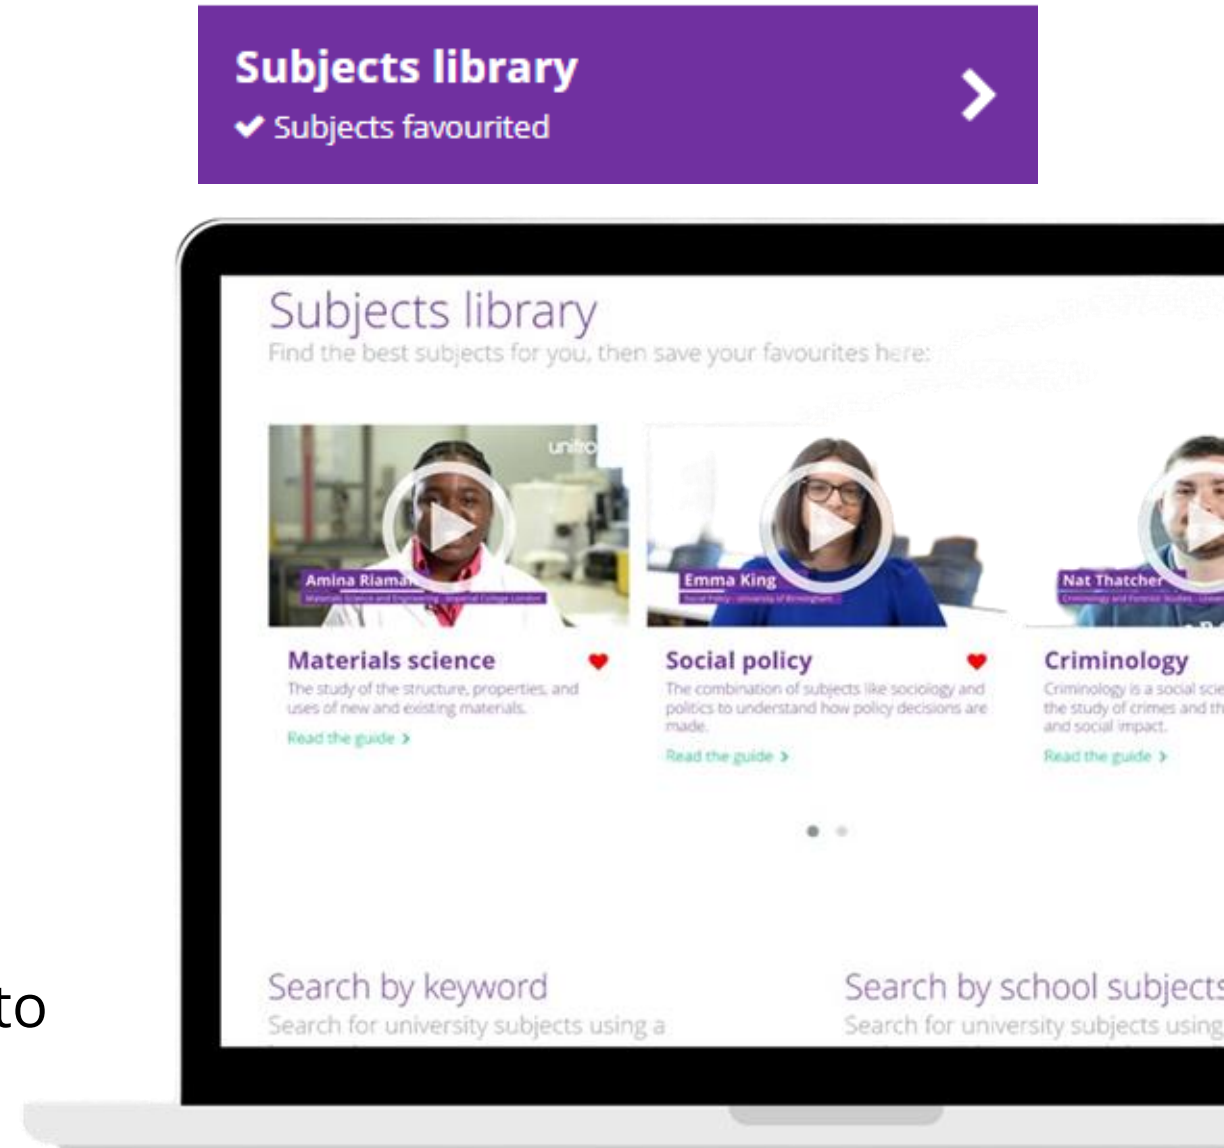

Useful Tools for G7-8

The Subjects library

Students can explore over 100 university-level subjects and read up on key details like:

- the top 10 related school subjects (to help them choose what to study)
- recommendations for wider reading to develop their interest in the subject
- interesting facts, including cross-curricular topics

They can also watch videos with real students to find out what it means to study the subject.

Grades 9-10 Milestone

Complete at least **1 strong extracurricular activity**:

- MOOCs & Courses
- Competitions/ Camps/ Research Papers,...
- ECAs
- Job Shadowing Programme

Activities

✉ 1 teacher comment

The screenshot shows a laptop displaying the 'Add activity' form. At the top left of the form is a checkmark icon. The title 'Add activity' is in pink, followed by the instruction 'Record what you've done.' Below this is a text input field for the title, containing the placeholder text 'eg 'Babysitter for 2 energetic siblings'' and a character count '0 of 50 characters'. To the right of the title field is a dropdown menu for 'Activity type' with the placeholder text '---- select an activity type ----'. Below the title field is a section titled 'What type of activity was it?' with the instruction 'Each activity can only be associated with one type.' and a link 'Check how to define the different types'. Below the activity type dropdown is a section titled 'Description + achievements' with the instruction 'Write like a boss by following these 5 tips'. Below this is a text input field for the description, containing the placeholder text 'eg 'Regularly look after younger siblings. Cook healthy dinner, ensure they do their homework. At times their behaviour is challenging. Keep calm and fi...'. At the bottom right of the description field is a character count '0 chars / 0 words Max 5000 characters'. At the bottom of the form is a section titled 'Skills' with two checkboxes: 'Critical thinking' (with a red highlight) and 'Planning' (with a red highlight). To the right of the 'Critical thinking' checkbox is the text 'Evaluating information in order to form your own opinion'.

unifrog

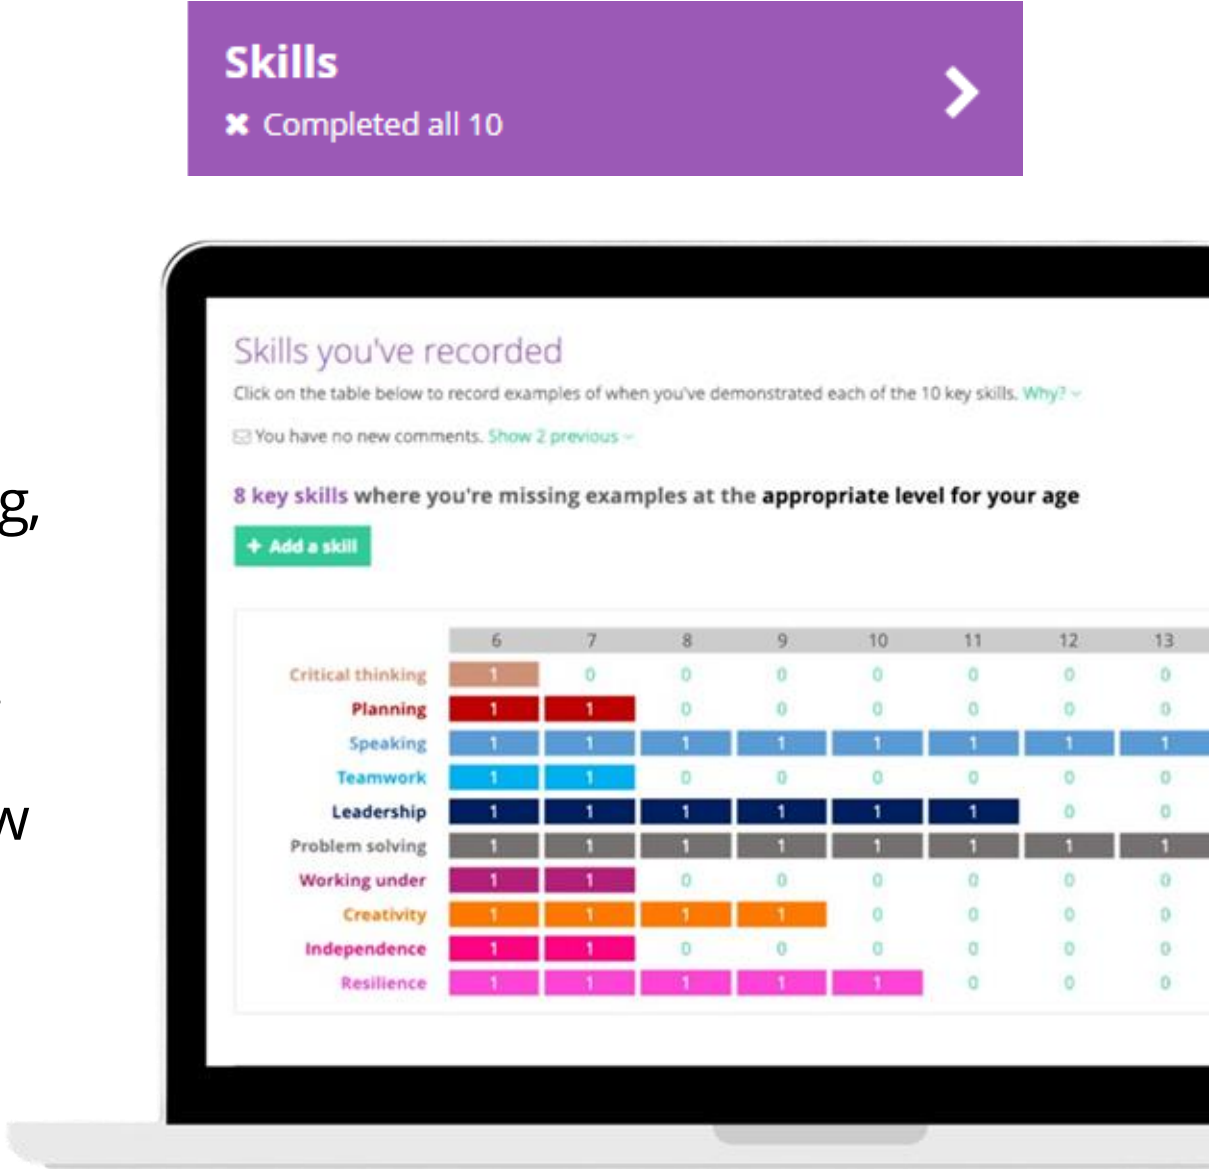

Useful Tools for G9-10

The Skills tool

Students can start building a portfolio of academic and extracurricular skills.

They can use this tool to help them record and remember all the great work they've been doing, whether in class, on a sports team, in private music lessons, volunteering, or something else.

They can use the related resources to learn how to build on their skills, and pull them straight through to their CV or resume when they're ready to start applying.

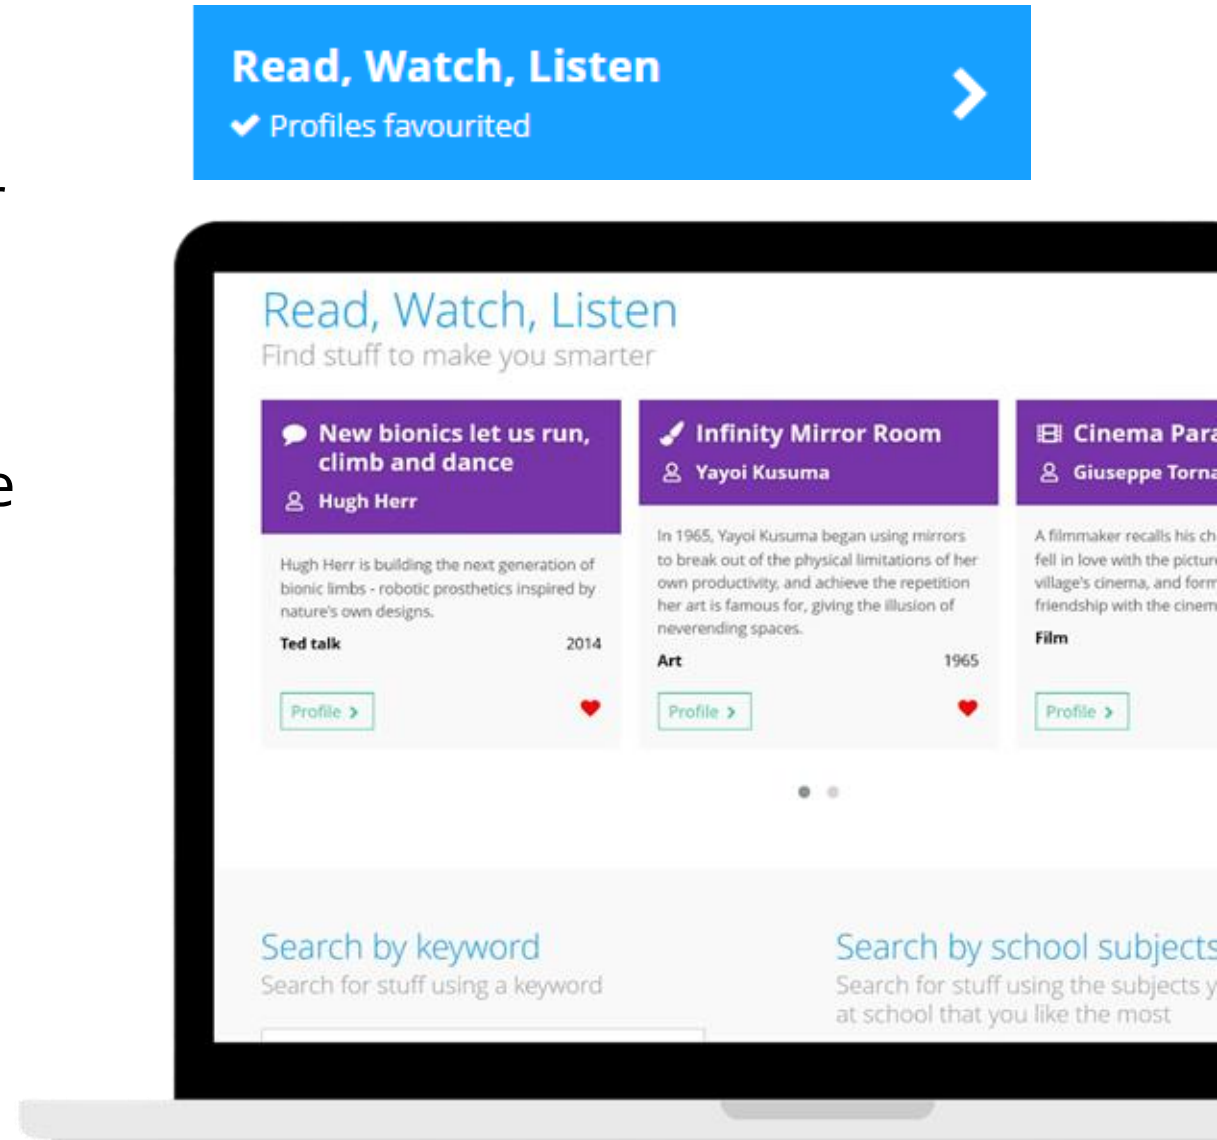

The Read, Watch, Listen tool

This tool is a library to over 1,000 resources for students to explore as part of their wider and deeper reading.

They can search by subject, keyword, and more to find things like:

- films
- books (fiction and non-fiction)
- TED Talks
- articles
- journals
- podcasts
- art
- music
- video channels

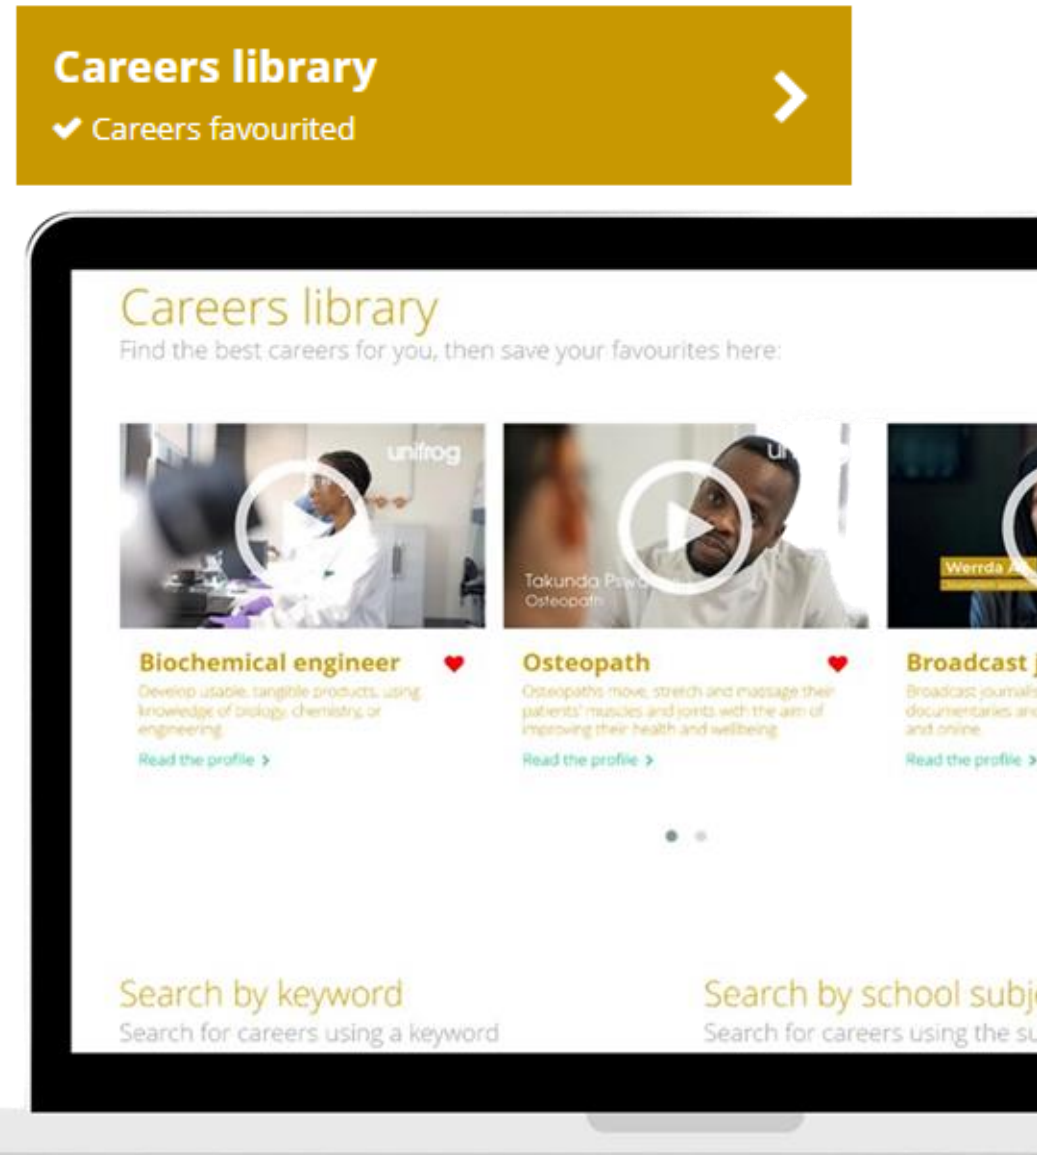

The Careers library

Students can explore over 600 careers and read up on key details like:

- typical duties
- necessary skills and qualifications
- working environment and hours information

They can also watch videos with industry experts who share their own journeys and some of their favourite and least favourite parts of their jobs.

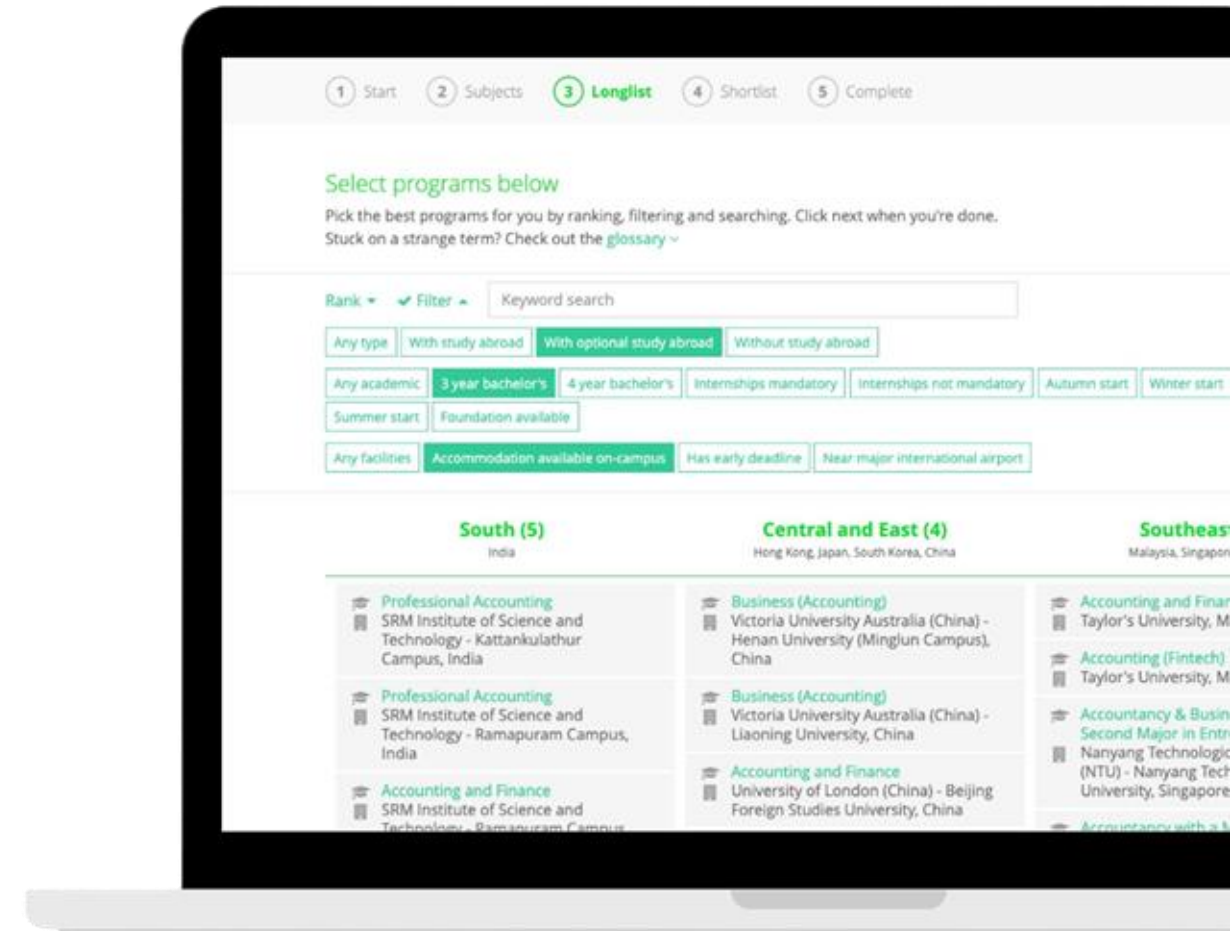

Grades 11-12 Milestone

Submit the **university shortlist** and start **university application**:

- Unifrog Search tool
- Ranking tools
- Brochures- university fairs
- Career Guidance Notice Board

unifrog

Useful Tools for G11-12

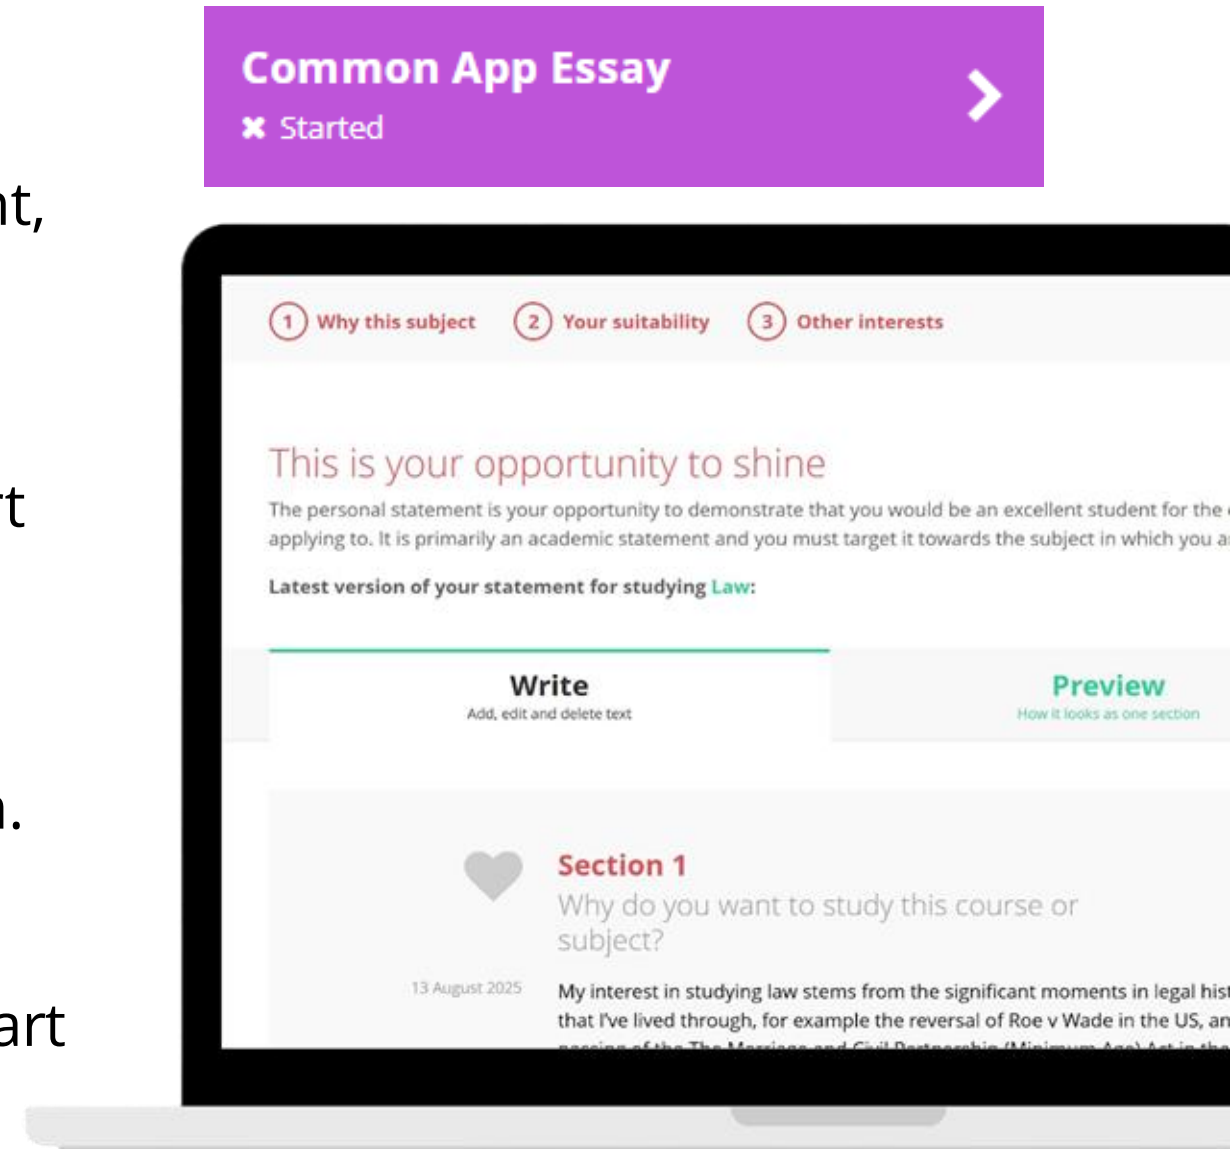

The writing tools

Students can write their UK personal statement, Common App essay, resume, cover letter, and more using Unifrog's writing tools.

Each type of application has top tips to support students with the writing process.

Teachers can also read students' work and provide feedback on it directly on the platform.

Unifrog automatically saves all students' work, meaning no more losing data and having to start over!

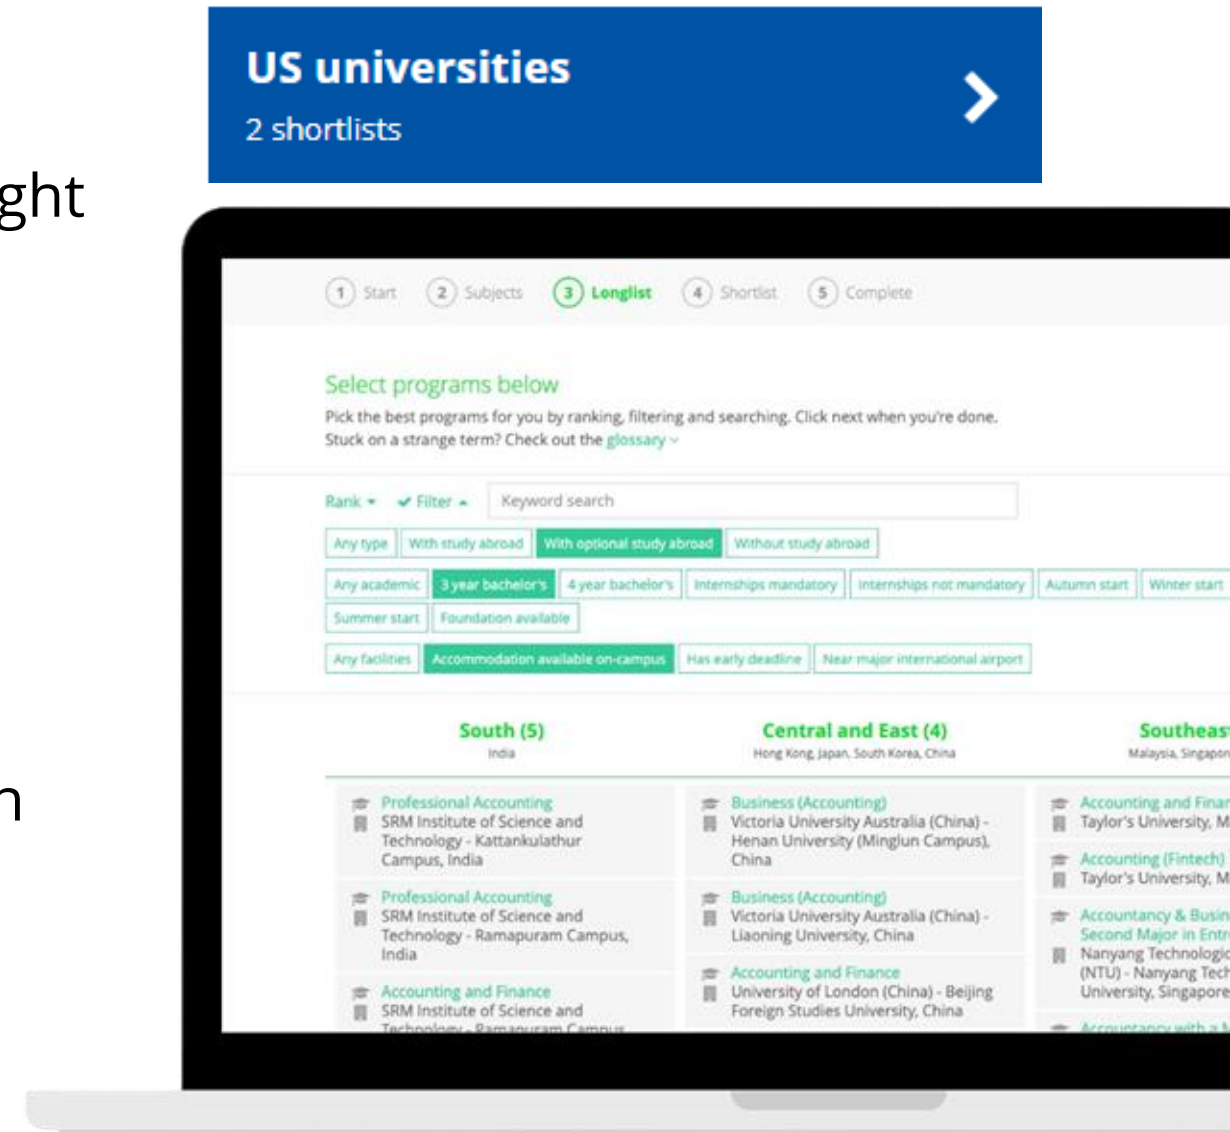

The search tools

Students can search for university courses taught all over the world, using the filter and rank options that are important to them, like:

- Type of university
- # international undergrads
- Distance from home
- % in work or education following completion

They can save their favourites on a shortlist to come back to when they're ready to apply.

unifrog

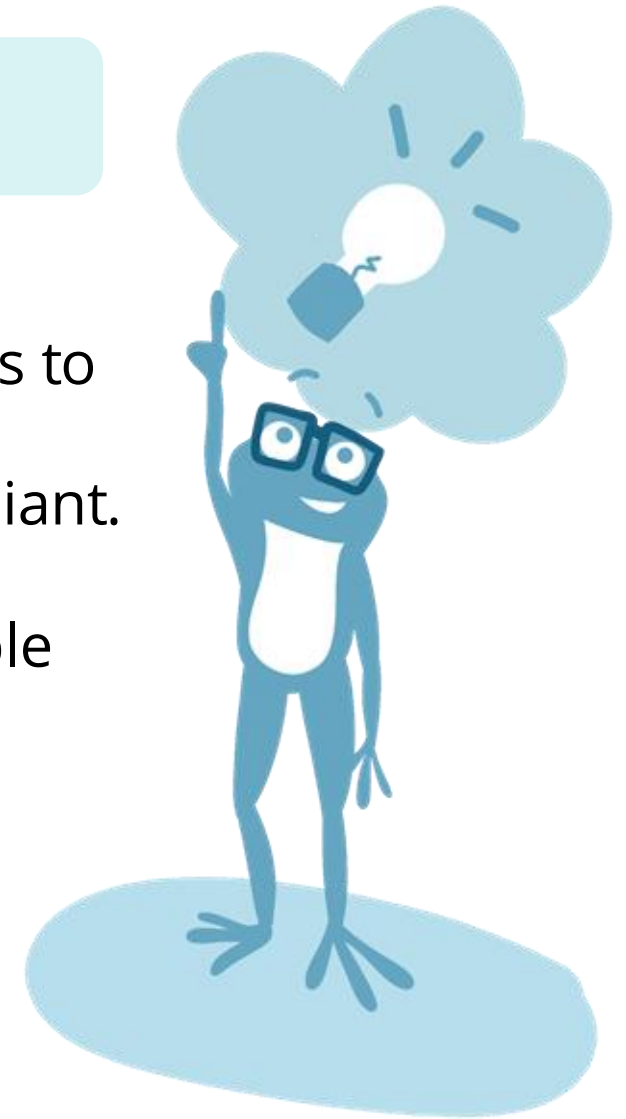

Important information

Data protection

Unifrog takes data security seriously, implementing robust features to protect school and student data while remaining fully GDPR-compliant.

Data is stored exclusively in *EU data centres*, safeguarded by multiple firewalls and layered-access security.

Information on this can be found at unifrog.org/about#security.

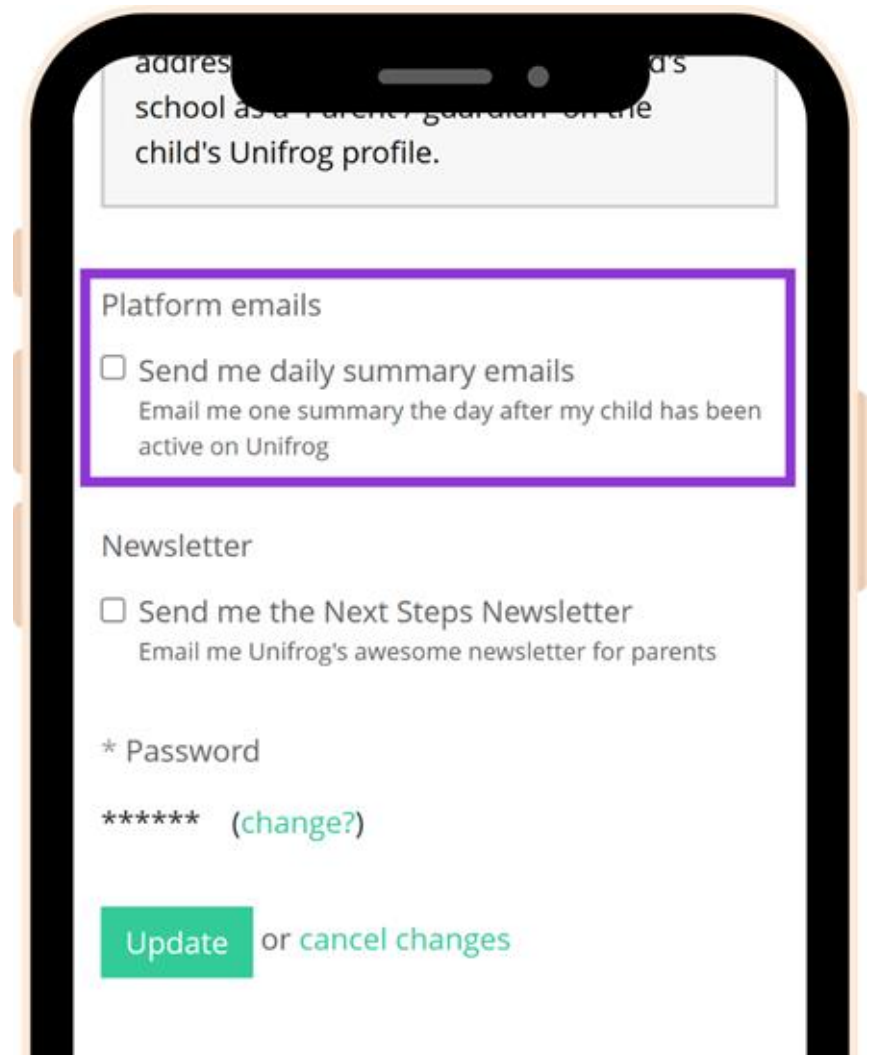

Weekly summary emails

Sign up to receive weekly summary emails of your child's progress on Unifrog.

How to Join:

Sign up at account creation or anytime in Settings.

Parents and caregivers: get signed up!

Why should students have all the fun?! You can create your own account to see key details about your child's Unifrog journey, and to access the tools in the same way students do!

Scan this QR code or go to www.unifrog.org/parent and create an account using the email address you receive the school communication through.
